
We do welcome dogs and other house animals. To ensure a pleasant stay for you and for all other guests some rules are very important for you to follow and are arranged with one of the leading dog platforms: https://www.mein-bellos-welcome.de/hund_im_hotel_was_ist_zu_beachten.html

- When making your reservation, please indicate whether you would like to bring your dog, as only certain rooms are intended for dogs.
- Please always keep the dog on the leash all times in the Hotel and in the village. Make sure your dog always behaves calmly in the house and does not bark. This is especially true at night.
- The breakfast room is not allowed for the dog.
- During this time, your dog is allowed to stay alone in the room / apartment. We have asked you to hang the "Do Not Disturb" sign on the room door. Our staff will not enter the room if there is a dog in it.
- Do not leave the dog alone in room / apartment longer than 1 hour at once at any day or nighttime... strange new sounds, strange new smells...this can trouble any trained dog... If the dog starts barking in your absence and guests complain, we will get in touch with you to deal with the situation.
- Please take the dog out of the room while housekeeping is doing the cleaning.
- For hygiene reasons, we always want dogs to sleep on the floor - and not in the bed, sofa or carpet. We would also be happy to provide you with a dog bed upon request.
- When you go for a walk with the dog, always use the dog bags to clean up afterwards. Failure to do so can result in high fines. If necessary, we will provide you with bags at reception. No green spaces for walking with dogs are allowed within the village.
- Please ensure that your dog does not mark outside the Hotel on our house corners, plants or walls.
- Dogs only live in special rooms in our house (with wooden floors). Unfortunately, rooms with carpeted floors are not available here.
- A maximum of 2 dogs are allowed per room / apartment.
- Do not shower the dog in the hotel bathroom.
- Damages caused by the dog will be charged accordingly.
- Dog sitter for your time without dog:
<https://www.betreut.de/hundesitter-oberammergau>

If the room is treated on a higher demand as usual and acceptable once you check out, we will charge an extra amount to compensate the loss for the higher maintenance.

Same rules apply for other pets (like cats).

We are not picky or strict at all, the above rules can be compared to the prescription letter of an Asprin – if you read it, you know you can die of this pill.

Same here, it is about sorting the options, not the worst case scenario, prior to arrival.

On a scale of 99 of 100 it works out very well with our guests and their beloved animals – so it will sure work out with You as well.
